**At the end of this report, we talked about the Ministry of Education website, the services provided by this website, the ease of access to it, and the services provided by this website, and we concluded with this advice.**

**-Placing icons at the beginning of the home page allows students to access services directly**

**-Developing an application for the Ministry of Education**

**-if you are interested in education, this is the Ministry of Education electronic page. It is easy to access the most important events related to the field of education, including news, events, and the academic calendar. It also contains 9 electronic services that make it easy for you to access all programs, whether you are a student or researcher, or you want to obtain an external scholarship.**

Thank you ♡.
